BOOTH SET UP

Every artist has been allotted a 10x10 space, which will be chalked out on the pavement.

Please do not set up tents larger than this or exceed your allotted space as you will be asked to remove your tent.

PARKING

Parking is available at the PNC overflow lot located at 2311 N Western Ave (Southeast corner of Western & Medill).

Look for volunteers at the entrance. Artists may park overnight in this lot at their own risk. We do not have overnight security in the lot.

Please do not park oversized trucks or trailers on Bucktown neighborhood streets. You may be towed.

OVERNIGHT SECURITY

We will have security to protect your booth overnight Saturday night. All booths must be packed up and loaded out on Sunday evening.

FEST CONTACT

When booth assignments are sent out, they are final. There will be volunteers at check in to help with booth, parking, and check in concerns.

Should you need to leave your booth to use the restroom, get food, or any other reason, please flag down a volunteer to watch your booth.

Should you have any questions, concerns, or just need an ambassador to watch your booth for a couple minutes and can't find one, please call or text Maria Mariottini. She will be your "weekend of" point-of-contact this year and can be found roaming the festival to check on artists or at the Info Tent.

Maria can be reached via text/call at (773) 263-5882. Please be sure to let her know your booth number and name when you send her a message.

THANK YOU SO MUCH FOR BEING HERE THIS WEEKEND - HERE'S TO A GREAT FEST!
